FEDERAL BUREAU OF INVESTIGATION

Date of entry 06/07/2013

IBRAGIM TODASHEV, date of birth September 22, 1985, telephone number (407)350-0932, having a residence at 6022 Peregrine Avenue, Orlando, Florida, was interviewed in regards to an ongoing Federal investigation. Present for the interview were Massachusetts State Police (MSP) Troopers [REDACTED] (TPR [REDACTED]), [REDACTED] (TPR [REDACTED]), and Federal Bureau of Investigation (FBI) Special Agent [REDACTED] (SA [REDACTED]). The interview time and location were coordinated with TODASHEV by FBI Task Force Officer [REDACTED] (TFO [REDACTED]). TODASHEV previously met with FBI agents at the [REDACTED] Police Department ([REDACTED]) for an interview, but advised TFO [REDACTED] that he would not meet at that location again. Therefore, it was agreed upon to meet at his residence. After being advised of the identities of the interviewing Agent/Troopers, Todashev provided the following information:

TODASHEV was offered an opportunity to write out a confession using a pen and paper. He advised that he would like the opportunity to do so, and he was provided with a pad of paper and a pen. While writing out a confession, TODASHEV attacked the interviewing agents and was shot and killed in a violent confrontation. For a more detailed account of the incident, please refer to the shooting incident review board investigation that was conducted.

I, Special Agent [REDACTED], having been sworn by Assistant Inspector [REDACTED] and Assistant Inspector [REDACTED], who I know to be Supervisory Special Agents (SSAs) of the Federal Bureau of Investigation (FBI), hereby make the following voluntary statement. Present in the interview was FLEOA Attorney [REDACTED]

I have been advised this is an inquiry concerning the shooting and use of force incident which occurred on 05/22/2013, at 6022 Peregrine Avenue, Orlando, Florida 32819.

I have read and signed a document entitled, "Warning and Assurance to Employee Requested to Provide Information Following A Shooting Incident."

I entered on duty as a Special Agent (SA) of the FBI on [REDACTED]. I was assigned to the Boston Field Office after completing New Agent's Training at Quantico, Virginia. I have served on Squad [REDACTED] since [REDACTED]. Prior to that assignment, I was assigned to Squad [REDACTED]. My responsibilities on Squad [REDACTED] include the [REDACTED]

[REDACTED] In addition to my primary duties, I also serve as a member of the Boston Field Office's [REDACTED] [REDACTED] for which I was selected [REDACTED] years ago.

Prior to my employment with the FBI, I was a Police Officer for the [REDACTED] Police Department from [REDACTED] to [REDACTED]. My law

A#54
Page 228
EE

enforcement experience includes hundreds of arrests and numerous high risk search warrants.

I have received a variety of specialized training in the FBI, to include safe streets survival, breaching, specialized tactical, close quarter combat, and firearms.

At the time of the operation, I was carrying my FBI-issued Glock 23, .40 caliber, with a chambered round and a fully loaded and topped off magazine with service ammunition.

Approximately one week after the 04/15/2013 bombings in Boston, I was assigned to work with the Massachusetts State Police (MSP) on a triple homicide that occurred on 09/11/2011 in Waltham, Massachusetts, in which Ibragim Todashev was a suspect.

My MSP partners were Trooper [REDACTED], who is a [REDACTED] [REDACTED], and Trooper [REDACTED] who is a [REDACTED]

[REDACTED] I was tasked to work with the Tampa Field Office, Orlando Resident Agency (ORA) to conduct an interview of Todashev about the homicide and any connections he may have to the Boston bombings on 04/15/2013.

I studied the background of Todashev and had a very good understanding of how much training he had in Mixed Martial Arts (MMA) and wrestling. During our investigation, I personally viewed several of Todashev's MMA fights on YouTube. Various interviews of Todashev's associates also indicated that he was an adept wrestler, and had competed in the sport for many years.

FF #54
Page 229
EE

I also understood that Todashev had been previously arrested in a road rage incident in Boston, Massachusetts, as well as an incident in Orlando, Florida. The arrest in Florida stemmed from a fight over a parking space in which Todashev fought with two individuals, one of which was knocked unconscious and lost several teeth. FBI Agents surveilling Todashev witnessed this event and relayed the details directly to me. On a scale of one to 10, I believed Todashev was an eight as far as his inclination and ability for physical violence.

During the week of [REDACTED], myself and the MSP Troopers traveled to the ORA to interview Todashev regarding his time in Boston around the date of the homicide, no direct questions of the crime were planned. Upon arrival we decided ORA Agent [REDACTED] and Task Force Officer (TFO) [REDACTED] would conduct the interview with Todashev since they had a rapport with him. The interview was conducted and we received pertinent information on the homicide [REDACTED]

Once back in Boston, I learned that Todashev had tentative travel plans to return to Russia on 05/24/2013. The TFO's and I were instructed to travel back to the ORA in order to interview Todashev regarding the triple homicide. [REDACTED]

[REDACTED] and asked TFO [REDACTED] to call Todashev to negotiate an interview. On 05/21/2013, TFO [REDACTED] convinced Todashev to meet with us. Todashev stated that he would not meet with us at the

#54
Page 230
EE

██████████ Police Department as he did previously, and that if we wanted to meet, we had to come to him. Todashev eventually agreed to meet with us for one hour at his apartment.

On 05/21/2013, at 7:30 PM, myself, the MSP Troopers, and TFO ██████████ met Todashev at his apartment in the parking lot. He was calm and respectful and led us to his apartment. I and the MSP Troopers went to the apartment and TFO ██████████ remained outside in the parking lot. Prior to entering Todashev's apartment, we observed a large image of an AK-47 at the top of the front door. Todashev stated something to the effect that other Agents had previously observed the image, but that he could not remove it easily. Upon entering the apartment, Todashev asked us to remove our shoes and I noticed the room was very dark and hot. Todashev, turned on the kitchen light which dimly lit the entire first floor. There were no other light fixtures on the first floor that functioned. As I proceeded into the living room, I immediately noticed a sword hanging on the wall near the stairs. I was the first one in the room and I sat on the second stair step that led to a loft which was also unlit. Trooper ██████████ sat in a chair in the living room and Trooper ██████████ stood against the stairwell wall. Todashev then opened the louver blinds covering the sliding glass door at the rear of the apartment's first floor. It was still light outside, so the interior lighting was improved, although still

A#54
Page 231
EE

dimly lit. Todashev sat on the floor directly across from Trooper [REDACTED] and in front of me to my left.

At approximately 7:45 PM I started the interview by asking some indirect questions. At approximately 8:30 PM, Trooper [REDACTED] started direct questioning of Todashev about his presence in Boston during the time of the triple homicide. During this portion of the interview Trooper [REDACTED] asked Todashev a direct question. It appeared Todashev did not like his tone and he replied "don't talk to me like that!" while pointing his finger directly at [REDACTED]. At that point, I felt that Todashev's stress level was very high, and that the possibility for him to react in a physical way was increased. I based this on my training and experience and my personal knowledge of his demeanor and capabilities. As a result I was on guard for any precipitous change in his behavior.

For the next three hours we continued to question Todashev in regards to the Waltham triple homicide. Todashev eventually alluded to the fact that he was going to tell us some information regarding the homicides, but that he first wanted to smoke a cigarette. Todashev also started twitching and looked very uncomfortable. Todashev signed a Miranda waiver form at the point we felt he made enough statements to incriminate himself. At the end of the questioning Trooper [REDACTED] asked Todashev to write his statement down, and he agreed to do so.

A #54
Page 232
EE

Todashev began to ask whether he would be able to smoke in jail, how much time he would get, and if he would get a deal. We made no comment back to him indicating in any fashion that he was going to be arrested or go to jail. However, I felt at this point that Todashev knew he was going to jail and he began to appear resigned to that fact. He had written approximately ¾ of a page of his confession when Trooper [REDACTED] left the apartment to make a phone call to the Middlesex Assistant District Attorney and I took his chair. Todashev moved to the edge of the bed 6 to 7 feet directly in front of me and was writing on a small table. Trooper [REDACTED] stood in the same location against the wall. At this point Todashev was still writing and had not made any overt actions.

Todashev then requested to use the restroom for the third or fourth time. It should be noted that on each prior trip to the bathroom, which was located at the top of the stairs, it created a heightened sense of awareness for our safety. On this last trip to the bathroom, Todashev urinated only one quick burst, which led me to question whether he had to really go to the bathroom at all. Trooper [REDACTED] and I made eye contact and gestured to one another that we need to be well aware of the threat Todashev posed in this position. The bathroom door was open, and Trooper [REDACTED] and I were able to observe Todashev from the back. After he was done urinating, Todashev reached

A#54
Page 233
EE

over to the sink with his left hand and turned on the water. He then ran the water over his left hand, slowly brought his hand in front of his face. While looking down, he let the water drip from his fingers into the toilet. He slowly opened and closed his hand while waving his fingers. He repeated this process three to four times before slowly closing his fly and wiping his hands on the front of his pants. When he had finished in the bathroom, Trooper [REDACTED] and I went down the stairs with Todashev, where we returned to our previous positions. Todashev then resumed writing his statement.

I was reading my notepad when I heard a loud noise and suddenly felt a blow to the back of my head. I was knocked partially off my chair, but I caught myself. I saw Todashev running past me and I tried to grab him. I removed my weapon from the holster and aimed the gun at Todashev who had run towards the kitchen. I shouted "show me your hands!" I saw Trooper [REDACTED] to my left, but don't know if he had his weapon drawn. I stood in the middle of the room and saw Todashev partially in the kitchen. I continuously yelled for Todashev to show me his hands, but he did not comply. I heard the sound of metal banging together like knives in a very hurried fashion. I believed that Todashev was trying to retrieve a weapon, and that he was successful in doing so.

A #54
Page 234
EE

Todashev instantly ran at full speed from the kitchen directly towards me and Trooper [REDACTED]. I saw Todashev's left shoulder drop as he rounded the corner from the kitchen to the living room. It was obvious to me that Todashev was in an attacking posture. In the split second available to me to assess the threat posed by Todashev's wholly non-compliant actions, I was in fear for my life and the life of Trooper [REDACTED]. There was no doubt in my mind that Todashev intended to kill both of us. In order to stop this threat, I shot Todashev three to four times. Todashev fell backwards, but did not go to the ground. He then re-established his footing and suddenly lunged again towards us. I then shot him 3 or 4 more times in order to stop his continuing deadly threat. This time Todashev fell to the ground face first and I believed the threat had been eliminated.

Trooper [REDACTED] applied first aid to my head and Trooper [REDACTED] and TFO [REDACTED] entered the room. I yelled that everything was okay. Trooper [REDACTED] checked Todashev for a pulse, but could not locate one. TFO [REDACTED] called 911 for medical assistance. Once the fire department arrived I was transported to the hospital for my head injury.

I, Trooper [REDACTED], having been sworn by Assistant Inspector [REDACTED] and Assistant Inspector [REDACTED], who I know to be Supervisory Special Agents (SSAs) of the Federal Bureau of Investigation (FBI), hereby make the following voluntary statement.

Also present during this interview was State Police Association of Massachusetts Attorney [REDACTED].

I have been advised this is an inquiry concerning the shooting and use of force incident which occurred on 05/22/2013 at 6022 Peregrine Avenue, Orlando, Florida 32819.

I entered on duty as a Trooper with the Massachusetts State Police (MSP) in [REDACTED] of [REDACTED]. I am currently assigned to the [REDACTED] and have been since approximately [REDACTED].

Prior to my employment with the MSP, I was a Police Officer for the [REDACTED] Police Department from [REDACTED]. My total approximate law enforcement experience includes hundreds of arrests, interviews and numerous high risk search warrants.

I have received a variety of law enforcement training to include search and rescue operations as well as patrol rifle usage.

Approximately one month ago, I was notified by my supervisor that I was temporarily assigned to investigate [REDACTED] a triple homicide which had occurred in Waltham, Massachusetts in September of 2011. I was assigned to work with Boston FBI Special Agent (SA) [REDACTED] in this assignment. Through investigation, Ibragim Todashev was developed as a suspect in the homicide and as an associate of bombing subject Tamerlan Tsarnaev. MSP Trooper [REDACTED] was assigned to work the Waltham homicide and later joined SA [REDACTED] and I [REDACTED] Todashev.

A#524
Page 23
EL

Together, the MSP and FBI formed a plan to travel to Orlando, Florida to interview Todashev in an effort to place him in the Boston area at the time of the Waltham homicides. SA [REDACTED] handled the coordination with the Orlando FBI office. We learned that one of the Orlando Task Force Officers (TFO), [REDACTED], was familiar with Todashev from previous interviews and had rapport with him.

In preparing for the interview, [REDACTED], [REDACTED] and I discussed Todashev's skills in Mixed Martial Arts and had viewed open-source videos of one of his fights. We had also learned of his recent violent altercation in an Orlando area parking lot, as well as Todashev's criminal history which contained acts of violence.

Due to our knowledge of Todashev's physical abilities, the initial plan was to have him come to the [REDACTED] Police Department for the interview; however, he refused. TFO [REDACTED] was able to arrange the interview at the apartment where Todashev had been living with his girlfriend before she was taken into federal custody on immigration matters. I was advised by the FBI Todashev had not been living at the apartment recently. Although we knew Todashev was dangerous, we felt this interview was necessary [REDACTED] [REDACTED] and we had information Todashev was leaving the country in a matter of days. Based on these factors, we agreed to proceed with the interview at the apartment.

We arrived at the apartment at approximately 7:30 PM and met with Todashev. He invited us inside and asked that we remove our shoes, which we did. I visually scanned the room for weapons and noticed a large, Samurai type sword mounted on the wall near the entrance to the kitchen. I also noticed two crystal ash trays on the table near the bed which appeared to be heavy and could potentially be used as weapons.

A #54
Page 238
gg

The interview was conducted primarily by Trooper [REDACTED]. SA [REDACTED] and I participated at various times, mainly to refute various parts of Todashev's story. TFO [REDACTED] remained outside. During the course of the several-hour interview, Todashev asked to go to the bathroom several times and was escorted each time by a member of the interview team.

As the questioning became centered on Todashev's presence in the Boston area during the time of the Waltham homicides and his involvement in the murders, his demeanor changed. Todashev smoked a cigarette, he repeatedly looked around the room, he became fidgety, and at times appeared to be stretching his legs and arms as he spoke.

Eventually, Todashev began to acknowledge some involvement in the Waltham homicides. At about this time, I stepped out to speak with TFO [REDACTED] and to get Todashev more cigarettes. I told TFO [REDACTED] that Todashev was confessing and asked [REDACTED] to go around to the back of the apartment in case Todashev tried to run out the back. At that time Todashev began to chain smoke cigarettes.

As Todashev continued to confess his involvement in the murders, Trooper [REDACTED] gave him a sheet of paper and asked that he write a statement. [REDACTED] then left the room to go outside to make phone calls. Todashev asked about smoking and said he needed more cigarettes even though there was nearly a full pack on the table in front of him. I opined he was attempting to get me to leave the room. Shortly afterward, Todashev again asked to go to the bathroom. SA [REDACTED] escorted Todashev upstairs to the bathroom. I came halfway up the stairs to make sure I could maintain visual contact with SA [REDACTED]. On this trip to the bathroom I noticed that Todashev was moving noticeably slow, almost methodical in his movements.

When Todashev was returning down the stairs, I was more and more concerned that he might try to flee or attack us. As I came down the stairs and turned toward the main room, I

A #54
Page 239
EC

grabbed the sword from the wall and quickly stashed it in the kitchen to keep it from Todashev's reach. Although Todashev was still on the stairs, I believe he saw me hide the sword in the kitchen due to a large mirror positioned at the bottom of the stairway.

I was sitting on the stairs across from SA [REDACTED], who was sitting in a chair directly across from Todashev, who was sitting on the bed. A small table separated SA [REDACTED] and Todashev.

Due to Todashev's continued erratic behavior, I sent a text message to SA [REDACTED] and Trooper [REDACTED] which read: "Be on guard. He is in vulnerable position to do something bad. Be on guard now. I see him looking around at times." I was waiting for SA [REDACTED]'s BlackBerry to "ding" when my text came in but it didn't. After about a minute, I checked my phone to make sure the text went through. As I was looking at my phone, I heard a roaring noise, looked up and saw the table between Todashev and SA [REDACTED] rise up and fly toward SA [REDACTED]. I immediately yelled "[REDACTED]" to alert Trooper [REDACTED] there was trouble inside the residence. Todashev ran from the bed toward the door near the kitchen area and began quickly scanning left to right as if looking for something. He then darted toward the door, I thought he was trying to flee and began to give chase. As Todashev reached the door he grabbed a red, approximately five-foot long pole that was leaning against the wall near the door. Todashev moved incredibly quickly, almost like something in a movie. As he grabbed the pole, Todashev turned quickly toward me and raised the pole above his head with both hands, which appeared to me to be a trained fighting position, and charged toward me as if he was going to impale me with the pole. I then heard shots fired off to my right and saw Todashev make two movements which indicated to me he had been impacted by the shots. Todashev fell to his hands and knees

A #54
Page 24
EE

in front of me and then, almost immediately, he sprang forward, coming up in a fighting stance. I heard more shots and Todashev fell to the ground again, this time apparently incapacitated.

Immediately after Todashev fell the second time, I heard SA [REDACTED] yell "call 911." I turned to look toward SA [REDACTED] and saw he was bleeding profusely from the head. Trooper [REDACTED] and TFO [REDACTED] had come to the residence door and I announced to them it was clear to come inside. I moved toward SA [REDACTED] and applied pressure to a large laceration near the back of his head. When Trooper [REDACTED] came in, I had him apply pressure to SA [REDACTED]'s wound while I checked Todashev. I was handed a rubber medical glove and I checked Todashev for a carotid and ulnar pulse and was unable to locate one at either location. Todashev's eyes were open and unblinking. I believed that Todashev was deceased and did not move his body further to keep from disturbing the scene.

Todashev had several opportunities to escape during the altercation, but instead chose to obtain a weapon and attack. Todashev's actions placed me in fear of imminent physical injury or even death. I am certain SA [REDACTED]'s actions saved me from serious physical injury or death.

Present during the interview was Attorney [redacted]. The interview was conducted at the FBI Tampa (TP) Field Office, Orlando Resident Agency (ORA). After being informed of the nature of the interview and the identities of the interviewing Agents, [redacted], provided the following information:

[redacted] entered on duty as a MSP State Trooper on [redacted]. [redacted] previously served as a police officer for the [redacted] Police Department in Massachusetts from [redacted] to [redacted]. [redacted] was assigned as a [redacted] for the Middlesex County District Attorney's Office (MCDAO) since [redacted]. Gange's primary responsibility was the investigation of unattended deaths including homicides within the jurisdiction of the MCDAO.

Following the 04/15/2013 Boston Marathon bombings, [redacted] was assigned as a liaison officer from the MCDAO to the Boston FBI Field Office. While serving in this capacity, [redacted] was assigned as the primary case officer for a triple homicide investigation which occurred in Waltham, Massachusetts on 09/11/2011. During the course of this homicide investigation, [redacted] persons of interest [redacted]

[redacted] Florida based Ibragim Todashev. Tsarnaev and Todashev were associates and participated in Mixed Martial Arts (MMA) training and fighting in the Boston area.

On [redacted], [redacted] along with FBI Boston SA [redacted] travelled from Boston to Orlando in order to observe an interview of Todashev conducted by [redacted] JTTF personnel. The interview was conducted at an [redacted] Police Department facility. The interview focused on establishing a timeline regarding Todashev's travel in and out of the Boston area in September 2011 and his association with Tsarnaev.

On 05/21/2013, [REDACTED], SA [REDACTED], and MSP State Trooper [REDACTED] travelled from Boston to Orlando in order to conduct a follow-up interview of Todashev in connection with the Waltham triple homicide investigation. The interview strategy focused on solidifying Todashev's travel timeline in the Boston area in September 2011 and to subsequently confront Todashev [REDACTED] with the triple homicide. The Boston interview team was made aware of Todashev's previous criminal history, past physical confrontations, his association with Tsarnaev, and his MMA fighting abilities. Further, [REDACTED] conducted open source research which yielded video footage of Todashev's participation in MMA fights.

On 05/22/2013, FBI [REDACTED] TFO [REDACTED] assisted in setting up an interview with Todashev. Initially, the Boston interview team requested the interview take place at the same [REDACTED] Police Department facility in which the prior interview was conducted, however, Todashev refused and only agreed to be interviewed at his girlfriend's residence located at 6022 Peregrine Avenue, Orlando, Florida. [REDACTED] was made aware the ORA was conducting surveillance of Todashev prior to the scheduled interview. Due to Todashev's previous violent history and his MMA fighting ability, [REDACTED] wanted three law enforcement personnel to conduct the interview.

On 05/22/2013 at approximately 7:30 PM, Todashev arrived at the pre-designated interview location. [REDACTED] was informed the FBI surveillance observed Todashev arrive at the interview location accompanied by another male. Upon entering the residence, [REDACTED] conducted a visual sweep of the residence and noticed a sword attached to the wall and several glass bowls on top of a table.

Initially, the interview focused on the aforementioned timeline and Todoshev's association with Tsarnaev. Several hours into the interview, Todoshev was asked about his involvement with the triple homicide and subsequently agreed to provide details of his participation in the crime. [REDACTED] stopped the interview and provided Todoshev with Miranda warnings. Todoshev executed a signed Miranda waiver at approximately 10:25 PM. After waiving his Miranda rights, Todoshev began to detail his participation in the triple homicide and [REDACTED] offered Todoshev an opportunity to write out a statement and Todoshev agreed. [REDACTED] noticed Todoshev's demeanor began to change after he started providing information regarding his participation in the triple homicide. [REDACTED] described Todoshev was looking around the

room and smoking heavily. [REDACTED] also stated Todoshev asked if this was going to be last time he would be able to smoke and how much jail time he was facing.

At approximately 11:55 PM, [REDACTED] informed Trooper [REDACTED] and SA [REDACTED] he was going to step out of the residence for a few minutes. [REDACTED] then stepped outside in order to call the district attorney and provide an update. During the call, [REDACTED] received a text message from Trooper [REDACTED], however, he was on the phone at the time and was unaware of the incoming text message. Shortly thereafter, [REDACTED] heard yelling coming from inside the residence followed by several gunshots. [REDACTED] drew his sidearm and then heard additional gunshots. [REDACTED] rushed to the front door of the residence whereupon he kicked it open. He announced his presence and received a response from either Trooper [REDACTED] or SA [REDACTED] that it was clear to enter. Once inside the door, [REDACTED] observed Todashev face down just in front of the door. He saw Trooper [REDACTED] and SA [REDACTED] with their weapons drawn and took notice SA [REDACTED] was bleeding from a wound to his head. [REDACTED] looked at Todashev and opined he had suffered gunshot wounds and was deceased. [REDACTED] provided Trooper [REDACTED] with a latex glove and observed while Trooper [REDACTED] checked Todoshev for a pulse. [REDACTED] asked SA [REDACTED] if he was ok and subsequently rendered first aid to him by applying a piece of cloth to the back of his head. [REDACTED] then assisted in securing the scene until Emergency Medical Services (EMS) arrived on scene.

After the shooting incident, [REDACTED] read the text message sent just prior to the shooting incident by Trooper [REDACTED] which read, "He is in vulnerable position to do something bad. Be on guard now. I see him looking around at times." The text message was time stamped at 12:04 AM.

Pursuant to an Inspection Division Shooting Incident Review of an Agent-involved shooting which occurred on 05/22/2013, at 6022 Peregrine Avenue, Orlando, Florida. The residence is an apartment with a stand alone address. Assistant Inspectors-In-Place [redacted] and Assistant Inspector [redacted] conducted a voluntary interview of Task Force Officer (TFO) [redacted]. The interview was conducted at the FBI Tampa (TP) Field Office, Orlando Resident Agency (ORA). After being informed of the nature of the interview and the identities of the interviewing Agents, [redacted] provided the following information:

[redacted] was an officer with the [redacted] Police Department [redacted] for [redacted] years and held the rank of [redacted] was assigned to the [redacted] JTTF for [redacted] months. [redacted] which had a nexus to FBI Boston's (BS) investigation into the Boston Marathon bombings. [redacted] contacted and interviewed [redacted] Ibragim Todashev, three times since 04/21/2013.

On 05/21/2013, [redacted] BS SA [redacted] Massachusetts State Police (MSP) Detective [redacted] and MSP Detective [redacted] convened at the ORA to plan an interview with Todashev regarding a triple homicide in the Boston, Massachusetts area. [redacted] telephoned Todashev, who agreed to the interview, three separate times between 10:19 AM and 6:34 PM to negotiate where they would meet. It was agreed the interview would take place at Todashev's residence.

On 05/21/2013, at 7:35 PM, [redacted] and the Boston investigators met Todashev and his friend, Khusn LNU, in the parking lot of Todashev's residence. The Boston investigators went inside the residence with Todashev and [redacted] remained outside with Khusn LNU, who provided no statements contributing to the investigation. Khusn LNU advised Todashev was very upset about his girlfriend being deported and he believed the FBI was responsible for that action. At 10:30 PM, Khusn LNU was told he could leave and Todashev would be brought to him after the interview was completed. Before leaving, Khusn LNU provided [redacted] Todashev's cellular telephone and wallet. [redacted] provided the cellular telephone to the Boston investigators.

Between 7:40 PM and 11:32 PM, [REDACTED] received text messages from the Boston investigators who advised Todashev had confessed and was to provide a written statement. They made no indication to [REDACTED] of any problems or difficulties with Todashev inside the residence. At 11:40 PM, [REDACTED] exited the residence, stood next to [REDACTED] and had a cellular telephone conversation with the District Attorney from Boston. At no time did any investigator ask [REDACTED] to go inside the residence to replace [REDACTED]

On 05/22/2013, at 12:05 AM, [REDACTED] heard three gunshots come from the residence. Instantly he and [REDACTED] took their weapons out and ran towards the residence door. Prior to getting to the door, they heard another four gunshots from the same location. Once at the door [REDACTED] opened the door all the way, [REDACTED] instantly observed a body lying face down with significant amounts of blood around and a red broom stick protruding from underneath the torso. [REDACTED] also observed a sword leaning against the wall. [REDACTED] then observed [REDACTED] standing in front of the body with blood coming from his head area. [REDACTED] asked [REDACTED] if he had been shot, and [REDACTED] advised "No he had not been shot." [REDACTED] determined the threat had been resolved and then said "don't talk anymore about the shooting." [REDACTED] then went back outside of the residence and called OPD Dispatch for uniform police officers and the fire department (FD) to respond to the scene.

[REDACTED] observed the FD go into the residence and declared Todashev dead on the scene. [REDACTED] had no further involvement inside the residence.

Q21 Shell casing (EV12) (Item [REDACTED])

THE FOLLOWING ITEM WAS ACQUIRED BY FBI TAMPA AND SUBMITTED TO THE LABORATORY FOR EXAMINATION (Communication dated June 25, 2013 assigned Laboratory number [REDACTED]):

K5 Glock #23, Serial [REDACTED] (Item [REDACTED])

The results of the firearms examination are included in this report.

Results of Examinations:

Specimens Q9 through Q14 are .40/10mm caliber copper jacketed hollow point bullets which were fired from a polygonal rifled barrel with six grooves, right twist. The Q9 through Q14 bullets were identified as having been fired from the barrel of the K5 pistol.

*A #56
Page 255
EE*

Specimens Q15 through Q21 are .40 S&W caliber cartridge cases which bear the headstamp of Winchester ammunition. The Q15 through Q21 cartridge cases were identified as having been fired in the K5 pistol.

Specimen K5 is a .40 S&W caliber Glock pistol, Model 23, Serial Number [REDACTED]. The K5 pistol functioned normally when test fired in the Laboratory.

Methods:

Bullets

Two bullets, either two evidence items or one evidence item and one bullet test fired in the Laboratory, undergo two stages of comparison. First, the bullets are examined to determine and compare their class characteristics. The class characteristics of fired bullets include diameter, number of land and groove impressions, direction of twist, and the widths of the land and groove impressions. If the class characteristics of the two bullets are not clearly different, the examination moves to a second stage using comparative microscopy.

A microscopic comparison examination consists of a search of the striated marks present on two bullets to determine if patterns of similarity exist. At the completion of these comparisons, one of the following three opinions is issued:

1) Exclusion (Elimination)

If two bullets have different class characteristics, an Exclusion opinion is rendered.

Exclusion opinions based on a measured class difference or the physical comparison of a discernible difference in class characteristics cannot be reported unless a second qualified firearms/toolmarks Examiner has examined the items in question and reached the same conclusion.

2) Identification

If the following conditions are met during the comparison of microscopic marks, an opinion of Identification is rendered:

- a) The degree of similarity is greater than the Examiner has ever observed in previous evaluations of bullets known to have been fired from different barrels.

*PA # 56
Page 256
EE*

b) The degree of similarity is comparable to that normally observed in bullets known to have been fired from the same barrel.

An Identification opinion cannot be reported unless a second qualified firearms/toolmarks Examiner has examined the items in question and reached the same conclusion.

3) Inconclusive (No Conclusion)

If the conditions required for an Exclusion or Identification are not observed, an opinion of Inconclusive is rendered. A failure to meet the conditions for an Exclusion or Identification could be the result of limited microscopic marks of value, a lack of any observed microscopic similarity, or microscopic similarity that is present but too limited to meet the criteria for identification.

Cartridge Cases

Two cartridge cases, either two evidence items or one evidence item and one cartridge case test fired in the Laboratory, undergo two stages of comparison. First, the cartridge cases are examined to determine and compare their class characteristics. The class characteristics of fired cartridge cases include caliber, shape of firing pin impression, shape and orientation of breech face marks, and relative locations of extractor and ejector marks. If the class characteristics of the two cartridge cases are not clearly different, the examination moves to a second stage using comparative microscopy.

A microscopic comparison examination consists of a search of the impressed and striated toolmarks present on two cartridge cases to determine if patterns of similarity exist. At the completion of these examinations, one of the following three opinions is issued:

1) Exclusion (Elimination)

If two cartridge cases have clearly different class characteristics, an Exclusion opinion is rendered.

Exclusion opinions based on a measured class difference or the physical comparison of a discernible difference in class characteristics cannot be reported unless a second qualified firearms/toolmarks Examiner has examined the items in question and reached the same conclusion.

A# 56
Page 25
EC

2) Identification

If the following conditions are met during the comparison of microscopic marks, an opinion of Identification is rendered:

- a) The degree of similarity is greater than the Examiner has ever observed in previous evaluations of cartridge cases known to have been fired in different firearms.
- b) The degree of similarity is comparable to that normally observed in cartridge cases known to have been fired in the same firearm.

An Identification opinion cannot be reported unless a second qualified firearms/toolmarks examiner has examined the items in question and reached the same conclusion.

3) Inconclusive (No Conclusion)

If the conditions required for an Exclusion or Identification are not observed, one of two types of inconclusive results can be reported. An opinion of No conclusion is rendered if the impressed and/or striated toolmarks present in either or both of the specimens are of poor quality, have limited microscopic marks of value, lack any observed microscopic similarity, or microscopic similarity that is present but too limited to meet the criteria for identification. An opinion of nothing found to indicate is rendered if the microscopic marks of value on both specimens are of good quality but lack correspondence in the impressed and/or striated marks.

Firearms

The make, model and caliber of a firearm are normally determined by directly observing manufacturer markings on the firearm in question. When these are not present, published materials and firearms in the Laboratory's Reference Firearms Collection may be used to make determinations.

Unless otherwise noted, submitted firearms are test fired:

- 1) in the condition they are received in the Firearms/Toolmarks Unit,
- 2) with ammunition from the Laboratory's Reference Ammunition File,
- 3) in a manner that allows for testing of available modes of fire such as manual safety engaged, manual safety disengaged, single action, double action, semi-automatic, fully automatic, etc.

Limitations:

Bullets

Firearms/Toolmark Identification is an empirical science that relies on objective measurements and a subjective comparison of microscopic marks of value.

Due to random changes in barrels such as wear, corrosion and lead accumulation, bullets fired from the same barrel are sometimes not identifiable as such. Additionally, some barrel manufacturing methods routinely produce barrels that leave limited microscopic marks of value on fired bullets. Damaged, corroded or fragmented bullets may be of little or no value for comparison purposes.

Cartridge Cases

Firearms/Toolmark Identification is an empirical science that relies on objective measurements and a subjective comparison of microscopic marks of value.

Due to possible changes in firearm operating surfaces from wear, corrosion and ordinary fouling and differences in ammunition design and construction, cartridge cases fired in the same firearm are sometimes not identifiable as such. Additionally, some firearm manufacturing methods routinely produce working surfaces that leave limited microscopic marks of value on fired cartridge cases.

Firearms

The results of firearms function examinations describe the operating condition of the firearm as it was received in the Firearms/Toolmarks Unit.

NINTH CIRCUIT

935 Pennsylvania Ave., N.W.

August 8, 2013

Ninth Circuit State Attorney Jeffrey Ashton
Orange County State Attorney Office (SAO)
415 N. Orange Avenue
Orlando, Florida 32801

Dear State Attorney Ashton:

This letter is in response to questions posed after the initial review of the information provided by the Shooting Incident Review Team (SIRT) of the Orlando, Florida, Agent-involved shooting.

As a guideline, Signed Sworn Statements (SSS) are utilized for FBI Agent shooters and other FBI personnel involved in a shooting incident. SSSs are generally utilized for FBI employees only and statements of Task Force Officers (TFOs) and other law enforcement officers who are shooters or witnesses to an Agent-involved shooting are documented via FD-302. Interviews of additional FBI witnesses and personnel may also be documented via FD-302. Decisions on the utilization of SSSs or FD-302s for FBI personnel are made by the FBI Inspector-in-Charge leading the SIRT, in consultation with the FBI Inspection Division Chief Inspector.

As the Waltham triple homicide is being investigated by the Massachusetts State Police (MSP) in coordination with the Middlesex County District Attorney Office (DAO), the FBI requests the SAO coordinate directly with the Middlesex DAO regarding the investigative case file number.

The FBI Deadly Force Policy is unclassified and can be located on the internet under the FBI Vault documents within the Domestic Investigations and Operations Guide:
<http://vault.fbi.gov/FBI%20Domestic%20Investigations%20and%20Operations%20Guide%20%28DIOG%29/fbi-domestic-investigations-and-operations-guide-diog-2011-version/fbi-domestic-investigations-and-operations-guide-diog-october-15-2011-part-03-of-03/view>

used in this incident. Also included are the results of the FBI Laboratory Firearms and Toolmarks Report.

During the incident on 05/22/2013, officers from the Orlando Police Department (OPD) were the only local officers who responded to the scene. Tampa Field Office confirmed with the OPD no individuals, to include any neighbors, were observed, nor did anyone approached the OPD. OPD checked for 911 calls regarding the incident and did not find any calls other than from the FBI TFO involved in the incident. A neighborhood canvass was not conducted.

Your assistance and cooperation in regard to this matter is appreciated. Should you have any questions, please do not hesitate to contact, Chief Inspector [REDACTED] Office of Inspections (OI), Inspection Division (INSD), telephone: [REDACTED] or Inspector-in-Charge [REDACTED] OI, INSD, telephone: [REDACTED]

On May 23, 2013, the Tampa Division Evidence Response Team processed a scene involving an agent involved shooting at the residence of IBRAGIM TODASHEV. As part of processing the scene, personnel from Florida's District 9 Medical Examiner's Office responded to the scene. In a photograph taken by an investigator with the Medical Examiner's Office, a stack of evidence markers appear outside of the opened front door. The markers in the photo were evidence markers that were to be used to mark evidence items as they were discovered. These markers were not marking a specific item of evidence and were part of the supplies waiting to be used on the scene.

Writer is attempting to reconcile the location of Item 15 in the sketch of 6022 Peregrine Avenue, Orlando, Florida compared to where the item was physically located the night of the search. This is in response to a question from the Inspection Division's Shoot Incident Review Team who noted a difference between the evidentiary sketch of the scene and the photographs taken at the crime scene. Writer spoke to Special Agent [REDACTED] who was the drawer of the sketch and the following is the reasoning of the discrepancy between the location of item 15 on the sketch and the actual location of item 15:

A deceased person was located by FBI Evidence Response Team members face down on the floor in the residence in the approximate location depicted in the sketch. Crime scene photographs show the exact location of where the body was lying in the residence. The physical evidence in question, marked Item 15 on the sketch, was found on the floor where the deceased individual's body was lying after the Orange County Medical Examiners (ME) Office personnel turned the body over from the stomach to the back. It is believed that in the process of moving the body, sketch item 15 came dislodged from the torso of the deceased and fell out onto the floor where the body was lying before the ME personnel turned the body over. As the body was being flipped, a large amount of fluids came out of the body and it is believed item 15 came out with the fluids. Item 15 was erroneously marked in the sketch so it appeared it was closer to the middle of the living room area because item 15 was not seen until the body was moved. Item 15 was actual positioned underneath where the body was lying.

Assistant Inspectors [REDACTED] and [REDACTED] interviewed Assistant District Attorney (ADA) [REDACTED] via telephone, telephone number [REDACTED]. After being informed of the identity of the interviewers and the nature of the interview ADA [REDACTED] provided the following information:

(U//FOUO) ADA [REDACTED] remembers receiving a text from Massachusetts State Police (MSP) Trooper [REDACTED] around 10:30 p.m. on May 21, 2013. ADA [REDACTED] does not remember exactly what was said but remembers it being very good news about the Waltham triple homicide investigation on which the MSP were interviewing Ibragim Todashev. ADA [REDACTED] headed to his office in anticipation of drafting an indictment. ADA [REDACTED] received another telephone call later in the evening from Trooper [REDACTED] around 11:50 p.m., although he does not remember the exact time. Trooper [REDACTED] told ADA [REDACTED] the interview was going well and Todashev was writing out his confession. ADA [REDACTED] thought the investigators were doing a good job from a legal stand point, stating they gave Todashev cigarette breaks, bathroom breaks, and allowed him to move around the room freely. Trooper [REDACTED] and ADA [REDACTED] continued to talk about certain aspects of the investigation when the call ended abruptly. ADA [REDACTED] did not think anything of the abrupt ending to the telephone call and in his experience, many law enforcement calls of that nature end abruptly.

(U//FOUO) ADA [REDACTED] then contacted [REDACTED] the Assistant United States Attorney (AUSA) in Boston. ADA [REDACTED] knew AUSA [REDACTED] would want to know Todashev was talking to the investigators. ADA [REDACTED] did not know the interview was going to be recorded and did not authorize or suggest the interview be recorded. ADA [REDACTED] was well aware of Todashev's violent history and criminal record. ADA [REDACTED] stated everyone involved in the case knew Todashev was a Mixed Martial Arts fighter and had a violent nature. When asked about DNA evidence found at the Boston triple homicide crime scene in Waltham, Massachusetts, ADA [REDACTED] stated it was not the District Attorney's office policy to comment or provide information on an ongoing investigation.

FEDERAL BUREAU OF INVESTIGATION

Date of entry 09/04/2013

(U//FOUO) On Thursday June 13, 2013 Massachusetts State Police (MSP) Trooper [redacted] was interviewed by Assistant Inspectors [redacted] and [redacted] regarding the events relating to a shooting of Ibragim Todashev on May 22, 2013. Present for the telephonic interview was State Police Association of Massachusetts Attorney [redacted] and [redacted] of the MSP Union [redacted]. After being advised of the identity of the interviewing agents and the nature of the interview Trooper [redacted] provided the following information:

(U//FOUO) Trooper [redacted] had already given his account of the events of the Agent-involved shooting which occurred on May 22, 2013. The purpose of this interview was to clarify information about a recording device Trooper [redacted] possessed during the interview. As arrangements to meet Todashev were being made, it became apparent they were not going to conduct the interview at the [redacted] Police Department [redacted]. The previous interviews of Todashev took place at the OPD and were recorded [redacted]. According to Trooper [redacted] there was a brief comment made in passing about recording the interview when Trooper [redacted] mentioned he had a recording device, and MSP Trooper [redacted] added that he had audio and visual recording capabilities. This comment was made between himself, FBI Agent [redacted] and Trooper [redacted]. This brief conversation took place in Agent [redacted] hotel room prior to the interview. Initially Trooper [redacted] was going to observe the interview from the observation room at the OPD. Due to the change in venue and for officer safety, Trooper [redacted] instead participated in the interview at Todashev's apartment. As a practice, MSP often records subject interviews as most of the time the interviews are conducted in the police station in rooms equipped for recording. The OPD had audio and video recording capability. Despite the change of venue for the interview, there was no further in-depth discussion on whether or not the interview would be recorded.

Trooper [redacted] along with the other members of the interview team, Trooper [redacted] and Agent [redacted] prepared for the interview by developing questions and securing a location where Todashev would agree to meet with them. [redacted] called to advise Todashev would only agree to an interview at Todashev's apartment. Due to the short notice, Trooper [redacted] Trooper [redacted] and Agent [redacted] hurried to prepare for the interview and arrive at the apartment. In the car ride

over to Todashev's apartment Trooper [REDACTED], Trooper [REDACTED], and Agent [REDACTED] had a conversation relative to one party consent with Officer [REDACTED] participating via the Bluetooth device.

(U//FOUO) After arriving and entering Todashev's apartment, Trooper [REDACTED] turned on his small portable MSP audio recording device, which was located in his left breast pocket. Trooper [REDACTED] did not know if it would work but thought he would try it anyway. Todashev was not aware of the recorder concealed in the pocket of Trooper [REDACTED]. Trooper [REDACTED] described Todashev as calm, articulate, and not excited or agitated. Trooper [REDACTED] advised Todashev was allowed to smoked cigarettes and take water and bathroom breaks throughout the interview.

(U//FOUO) After 10 p.m., Trooper [REDACTED] verbally provided Todashev with his Miranda Rights. Agent [REDACTED] provided a Miranda Rights form to Trooper [REDACTED] which Todashev signed. Todashev did not ask for legal representation even after he was read his Miranda Rights.

(U//FOUO) At one point during the interview, Todashev asked Trooper [REDACTED] to stop writing and at another point during the interview Trooper [REDACTED] recalled Todashev saying to Trooper [REDACTED] "Don't do that." When Trooper [REDACTED] heard this from Todashev, he looked over to see a telephone in Trooper [REDACTED]'s hand. Trooper [REDACTED] thought Trooper [REDACTED] may be taking a picture or recording parts of the interview with his telephone. Trooper [REDACTED] sat across from Todashev the entire time he was in the apartment.

(U//FOUO) Trooper [REDACTED] advised during the course of the interview Todashev asked to use the bathroom. Prior to Todashev's discussion about the triple homicide, Todashev used the bathroom unaccompanied. However, following Todashev's admissions to his involvement in the triple homicide, Trooper [REDACTED] and Agent [REDACTED] escorted him to the bathroom. An additional bathroom break occurred after Trooper [REDACTED] had left the apartment. Trooper [REDACTED] was later advised both Trooper [REDACTED] and Agent [REDACTED] accompanied Todashev to the restroom during the last bathroom break. Trooper [REDACTED] felt it was prudent to escort Todashev to the bathroom the last two times as it was after Todashev had been read his Miranda Rights and Trooper [REDACTED] felt Todashev's mind was in a different place. Todashev had started to talk about the triple homicide he was involved in and for officer safety, they accompanied him to the bathroom. Trooper [REDACTED] cleared the bathroom prior to Todashev entering to ensure there were no weapons in the immediate area.

(U//FOUO) Trooper [REDACTED] observed a sword hanging on the wall with a

couple of screws near the plant and then after the Agent-involved shooting, observed the sword behind the shoe rack near the kitchen. After the shooting, Trooper [REDACTED] became aware that during one of these bathroom breaks, Trooper [REDACTED] moved the sword from the wall within Todashev's apartment.

(U//FOUO) Towards the end of the interview, Trooper [REDACTED] thought it would be best to allow Todashev the opportunity to write out his confession. Trooper [REDACTED] offered Todashev to write out a statement in his own words so it would be his thoughts on the paper. As Todashev began to write out his confession, Trooper [REDACTED] asked both Trooper [REDACTED] and Agent [REDACTED] if he could step out of the apartment to make a telephone call. Trooper [REDACTED] wanted to contact the Assistant District Attorney Steve Loughlin to advise him of the progress of the interview and to confer about the next course of action. As Trooper [REDACTED] was outside the apartment on the telephone, he heard a commotion to include yelling and gunshots from inside Todashev's apartment. Trooper [REDACTED] did not notice anyone else outside, dropped his notes, and was unsure what he did with his telephone. Trooper [REDACTED] drew his weapon, announced himself, and came through the front door of the apartment along with [REDACTED] Officer [REDACTED]. The front door of the apartment was not locked. When he entered the apartment he saw Todashev laying on the floor, it was apparent to Trooper [REDACTED] he was dead. Immediately after entry into the apartment, Officer [REDACTED] called 911 for medical assistance. He also saw Agent [REDACTED] bleeding from the head profusely.

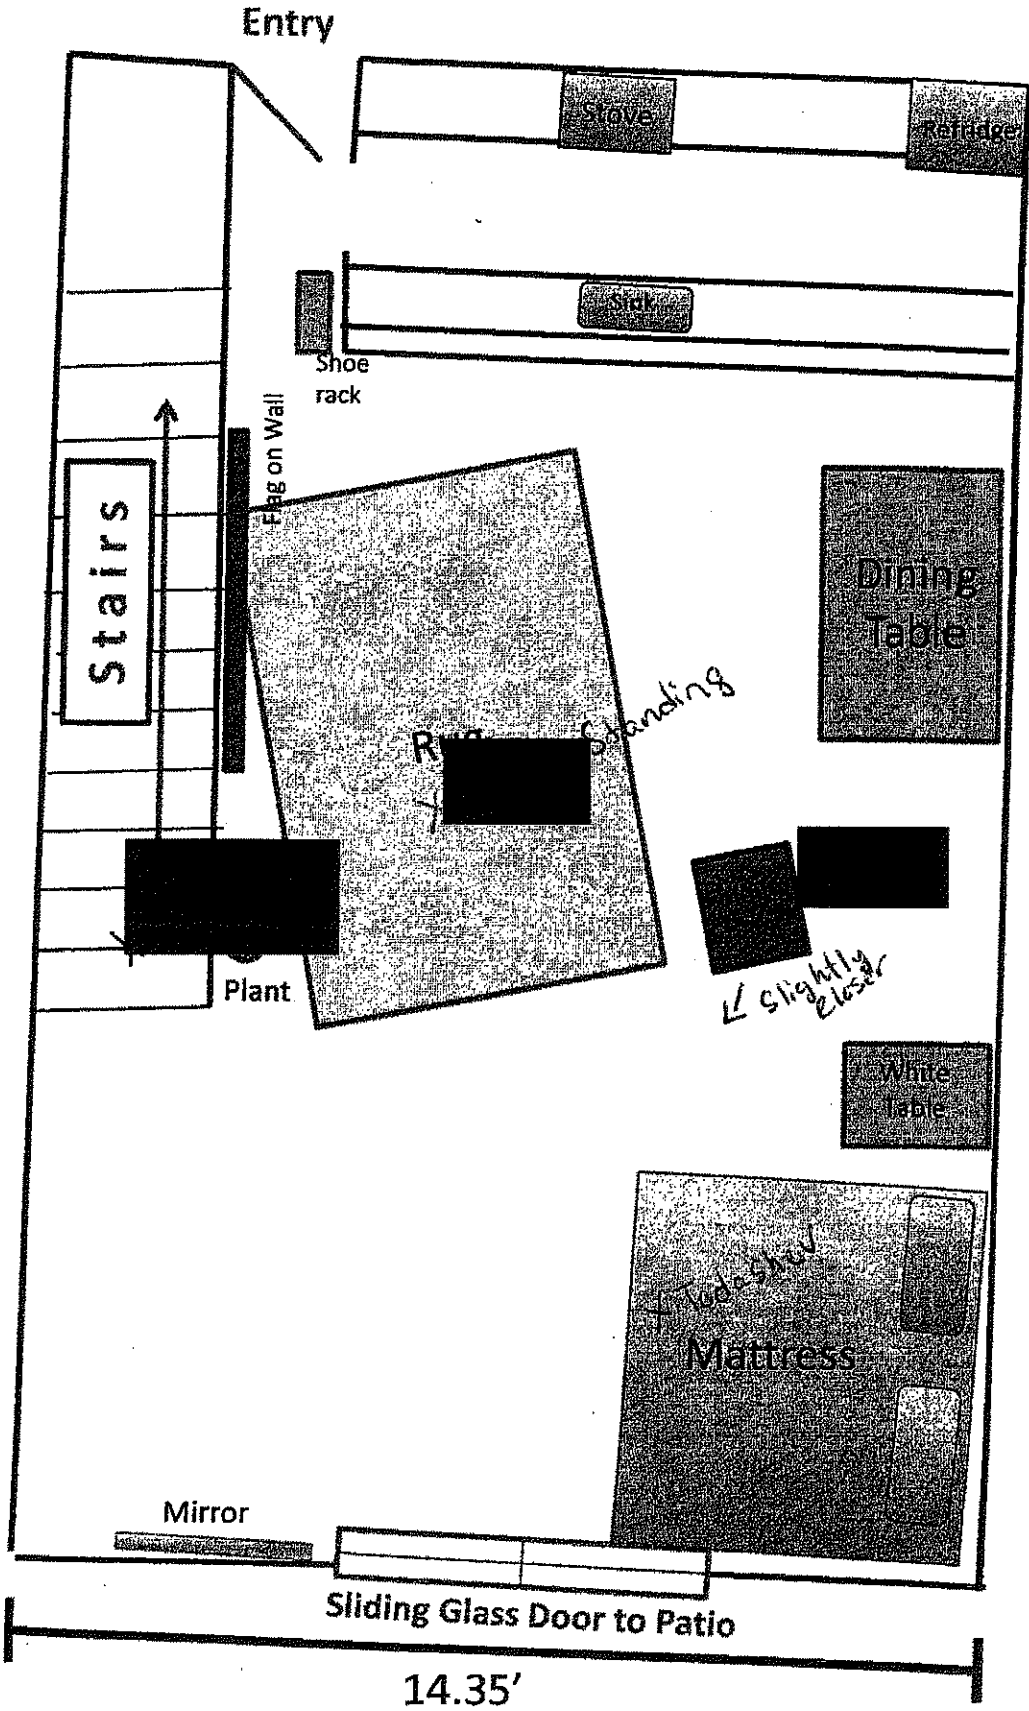

(U//FOUO) Once Trooper [REDACTED] returned to his department in Boston he checked his audio recorder and found it had recorded a large portion of the interview with Todashev. He submitted the recorder to his department for retrieval and dissemination to the FBI.

Trooper [REDACTED], having been sworn by Inspector-in-Charge [REDACTED] Assistant Inspector (AI) [REDACTED] and AI [REDACTED], who I know to be Supervisory Special Agents (SSAs) of the Federal Bureau of Investigation (FBI), hereby make the following voluntary statement. Also present during this telephonic interview was State Police Association of Massachusetts Attorney [REDACTED] and [REDACTED] of the MSP Union [REDACTED]

I have been advised this is an inquiry concerning the shooting and use of force incident which occurred on May 22, 2013 at 6022 Peregrine Avenue, Orlando, Florida 32819.

This interview focused on the existence of a consensual recording of the interview of Ibragim Todashev which included both audio and video.

With respect to the recordings of the interview with Todashev, I wish to make the following statement. I, Massachusetts State Police (MSP) Trooper [REDACTED] and FBI Special Agent [REDACTED] were making the initial plans to interview Todashev. As I recall, a lot of logistical movement was going on and we still had not established a place to conduct the interview. Trooper [REDACTED] Agent [REDACTED] and I were at our hotel and we had a brief discussing regarding the recording of the interview.

Our original thought was Todashev would meet us at the [REDACTED] Police Department [REDACTED], where he had been interviewed before, and the interviews were recorded. As the evening drew closer, it became increasingly apparent that he did not want to meet with us. [REDACTED] Officer [REDACTED] managed to get Todashev to agree to meet with us at Todashev's apartment. I mentioned that I had my high-definition recorder in my bag. When we asked Officer [REDACTED] what time the interview was scheduled to start, he replied right now, or words to that effect [REDACTED]

Trooper [REDACTED], Agent [REDACTED] and I headed to Todashev's apartment. As we were driving to the location, we were talking to Officer [REDACTED] over the Bluetooth device on the rental car. Trooper [REDACTED] asked Officer [REDACTED] if Florida was a one or two party recording state, to which he replied, it was a one party recording state but recommended we give Todashev his Miranda Rights if we were going to record anything. It is not uncommon for the MSP to record the interviews of subjects. I did not think much more about recording the interview.

Once we arrived at Todashev's apartment, we quickly began the interview. Todashev was talking and all three of us were taking notes. It was at this time I remembered about the personal digital recorder in my bag. I walked over to the dining room table where I had placed my bag when we first arrived, and got the recorder out. I deleted some family videos from the recorder prior to turning it on in order to be able to record the interview. I then placed it upright on the table facing Todashev in full view. It was about 20 minutes into the interview when I started the recording.

As Todashev was talking, I would walk over to check on the recorder. I watched to make sure it was still recording and at one point when it had stopped, the screen said the video card was full. I deleted some additional family videos and turned the recorder on again. After awhile, I again noticed the recorder had stopped recording due to lack of space to record. I again deleted additional family videos, as well as the first portion of the interview which contained what I thought was general conversation, nothing specific about the homicides. I then resumed recording when the conversation about the Waltham murders took place. My JVC recorder captured the Miranda Warning as Todashev walked right up to the recorder that was now placed on his kitchen counter [REDACTED]

At some point the battery failed and I pulled out my personal cellular telephone to record the interview. I was standing against the wall where the flag was located; and began to video with my Droid Razor cellular telephone. After a few minutes, Todashev looked in my direction and said "don't do that," or words to that effect. I turned off my cellular telephone. After sometime, I again began to record the interview with my cellular telephone. Todashev again said to turn it off, which I did. Later when Todashev took a cigarette break, I placed my cellular telephone on the dining room table and then resumed recording, while leaning my cellular phone upright against my bag. It remained there recording the interview until I needed to use it which was after Todashev had begun to write out his confession.

While Todashev was writing and no questions were being asked, I turned off my cellular telephone recording device in order to use my phone. It was then that I saw a text message had come from the Assistant District Attorney stating "Don't put him in custody until we get a warrant." I then displayed this message to Agent [REDACTED]. As Todashev was writing his statement, I heard him ask Agent [REDACTED] how to spell "[REDACTED]". [REDACTED] Agent [REDACTED] responded stating, [REDACTED] Todashev asked to go to the bathroom and Agent [REDACTED] and I walked him up the stairs. Agent [REDACTED] was at the top of the stairs and I was standing on the stairs about halfway up where I could maintain visual contact. We were on alert due to Todashev's strange behavior. He was moving extremely slow and looking around. As I came back down the stairs, I grabbed the sword on the wall near the flag and moved it behind a rack at the kitchen. I presumed Todashev saw me move the sword due to a large mirror placed at the bottom of the stairs that was strategically placed where as to see the door and hallway. Todashev returned to his position sitting on the bed and resumed writing out [REDACTED]

A #69
Page 20
EE

[redacted] his confession on the coffee table he was using as a desk. Agent [redacted] was sitting on a folding chair directly in front of Todashev. I moved back to the stairs.

As I sat on the stairs, I began texting Trooper [redacted] (who was now outside) and Agent [redacted] to alert them to the feeling I had about Todashev's strange and nervous behavior. I sent a text message to Trooper [redacted] and Agent [redacted] to be on alert and on guard. It was while I was sitting on the stairs when Todashev flipped the coffee table.

I did not mention the recordings in the initial interview because I was concentrating on the actual shooting incident itself. Furthermore, I was never asked. The recordings were made known to other people involved in the handling of this case. Also, the recordings were provided to District Attorney's Office the day after we arrived back in Massachusetts. Nothing was out of the ordinary, as MSP tends to record subject interviews. Had I known the Shooting Incident Review Team was not aware of the recordings, I would have told them.

I have read the statement consisting of four pages, and it is true and correct to the best of my recollection [redacted]

[REDACTED]

I have been advised this is an inquiry concerning the
shooting and use of force incident which occurred on
05/22/2013, at 6022 Peregrine Avenue, Orlando, Florida 32819.
This interview focused on the existence of a consensual
recording which included both audio and video.

I previously read and signed a document entitled, "Warning
and Assurance to Employee Requested to Provide Information
Following A Shooting Incident."

With respect to the recording of the interview of Ibragim
Todashev, I want to make it clear I did not know the interview
of Todashev was being recorded. My responses during my previous
interview were focused on the shooting inquiry and the events
which led up to me having to discharge my weapon.

I remember we were informed approximately 30 minutes before
the scheduled interview by [REDACTED] Police Department [REDACTED]
Officer [REDACTED] that Todashev would meet with us but [REDACTED]

ly at his home. Todashev did not want to meet at the [REDACTED] as he had done previously but at his apartment. I, and Massachusetts State Police (MSP) Troopers [REDACTED] and [REDACTED] hurried to the location of the interview. On the car ride to the interview [REDACTED] Officer [REDACTED] called on the vehicle's Bluetooth system. During our discussion concerning the interview, one of the MSP Troopers asked if Florida was a one or two party recording state. Officer [REDACTED] said it was a one party state but advised they may want to mirandize Todashev. I don't recall any other discussion concerning recording interviews. I do not recall anyone specifically saying the interview was going to be recorded or videotaped. We wanted to conduct the interview at the police station in order for it to be recorded but things changed quickly and in the rush, a determination about recording the interview was not made.

During most of the interview of Todashev, I was sitting on the stairs and Trooper [REDACTED] was standing to my left and behind me. I did not see any recording devices or video cameras at the time we interviewed Todashev.

I recall at some point during the interview, Todashev said "don't do that" and turned to Trooper [REDACTED] I was not sure what Todashev was referring to and the interview continued. [REDACTED]

█████ first learned the interview was recorded on Friday, May 24, 2013, when I received a message from Trooper █████ who advised videos were uploaded to the Google cloud. Once I located the recordings on the computer I found there were both audio and video recordings of the interview of Todashev. I found out after the fact, Trooper █████ had used a high definition recorder which he had placed on the kitchen counter which eventually ran out of battery life, at which point Trooper █████ switched to his telephone to continue the recording. I also found out after returning to Boston that Trooper █████ had a recorder in his pocket during the interview. At the time of the interview, I did not know the interview was being recorded by anyone.

Trooper █████ advised he had passed the videos to other individuals who had a need to know in his department. After this had happened, I did not think about the recording. When I returned to work after being off for the injury I received as a result of the assault on my person by Todashev, I was contacted by AI █████ with some additional questions regarding my initial signed sworn statement. I mentioned to AI █████ something to the effect of, it would be nice if we released the video because it would refute many of the press' allegations. AL █████ was very surprised by this because he did not know about the video's █████

existence. He advised he would need a copy. I mentioned to AI [redacted] that I had only learned of the videos after the incident.

I have read the statement consisting of four pages, and it is true and correct to the best of my recollection.

Needs:

- #1.) A copy of the secondary interview reports by DOJ.
- #2.) Are any of the YouTube videos viewed by LEO prior to interview available?
- #3.) Report from DOJ regarding the follow up meeting with the ME regarding the rounds.

Questions

First: Review of ME report.

- #1.) Six (6) projectiles recovered by ME. **FBI Laboratory report provided.
 - Who has them?
 - Are they the same caliber?
 - Have they been matched to the weapon?
- #2.) Seven gunshot wounds.
 - ** (No soot or stippling was present at any point of entry, all INDETERMINATE RANGE)
 - A.) Head (no mention in interviews) **Seek possible explanation from witness officer, [REDACTED]
 - a. Projectile recovered from base of skull.
 - b. Left posterior parietal scalp.
 - c. *The projectile travels downward, slightly toward the right, and slightly toward rear.* (**shooter position consistent with this finding)
 - B.) Left upper back (no mention in interviews) **Seek possible explanation from witness officer.
 - a. Projectile recovered from left lung.
 - b. Left upper back.
 - c. *The projectile travels left to right, back to front, and downward.* (**shooter position consistent with this finding)
 - C.) Right upper back (no mention in interviews) **Seek possible explanation from witness officer.
 - a. Projectile recovered from right chest wall.
 - b. ENTERING right upper back.
 - c. *The projectile travels left to right, back to front, and downward.* (**shooter position not consistent with this findings thus far)
 - D.) Right back (no mention in interviews) **Seek possible explanation from witness officer.
 - a. Projectile EXITED right lower chest.
 - b. ENTERING right back.
 - c. *The projectile travels left to right, back to front, and downward.* (**shooter position not consistent with this findings thus far)
 - **Item #15 on FBI hand sketch shows a projectile recovered at the scene.

Questions: A # 15

- #1.) Is this a 40 caliber projectile? **New information provided by DOJ.
- #2.) Is this item damaged?
- #3.) Has this item been tested for DNA?
- #4.) This item is close to the blood on the tables and the carpet.
Did these areas have blood collection samples taken/tested?

E.) Left chest

- a. Projectile ENTERED left chest.
- b. Projectile RECOVERED from lower back.
- c. Projectile caused perforation to HEART-AORTA.
- d. *The projectile travels left to right, back to front, and downward.*
(**shooter position consistent with this finding)

F.) Left upper arm

- a. Projectile ENTERED left upper arm – reentry into torso.
- b. Projectile RECOVERED from the heart.
- c. *The projectile travels left to right, back to front, and downward.*
(**shooter position consistent with this finding)
- d. Note: This would indicate the upper arm close to the chest and not elevated.

G.) Left upper arm

- a. Projectile ENTERED left upper arm – reentry into torso.
- b. Projectile RECOVERED from the stomach.
- c. *The projectile travels left to right, back to front, and downward.*
(**shooter position consistent with this finding)
- d. Note: This would indicate the upper arm close to the chest and not elevated.

Questions as viewing ME crime scene photos:

- #1.) How did the table & 2nd table top come to be in their locations?
**Flipped away from the location of the FBI Agent's chair/location.
- #2.) Did blood samples get collected from the tables and carpet?
- #3.) Did blood samples get collected from the broom handle?
- #4.) Can latent prints be lifted from the broom handle?
- #5.) Can latent prints and DNA samples be lifted and collected from the sword?
- #6.) What is #5 marking in the doorway OUTSIDE of the apartment?
- #7.) Can FBI sketch # 15 be seen in any of the ME photos?
**New information provided by DOJ.
Is a supplemental report going to be generated to explain how this fell?
- #8.) **Did anyone collect a photo of the suspect's hand placement when rolled over?**

-Page 4 *...he grabbed the pole, Todaschev turned quickly toward me and raised the pole above his head with both hands ... and charged toward me ... I then heard shots fired off to my right and saw Todaschev make two movements which indicated to me he had been impacted by the shots. Todaschev fell to his hands and knees ... he sprang forward, coming up in a fighting stance. I heard more shots and Todaschev fell to the ground again.*

-Page 5 *Todachev had several opportunities to escape during the altercation...*

#2.) Interview of [REDACTED] on 05/23/2013 & signed on 05/28/2013.

-Page 2 ...*had a very good understand of how much training he had in Mixed Martial Arts (MMA) and wrestling.* *****

-Page 3 additional knowledge of suspect's fighting skills *****

**According to DOJ the video will shed light on this issue.

[REDACTED] took [REDACTED]'s place in the chair when he left to call attorney.

-Todashev on the edge of the bed and writing on a small table.

[REDACTED] reading his notepad ... heard a loud noise ... felt a blow to the back of his head. (How did this occur?) (Suspect's location, table's location ??)

-Page 7 *I Saw Todashev running past me and I tried to grab him. I removed my weapon from the holster and aimed the gun at Todashev who had ran towards the kitchen.*

*...Todashev instantly ran at full speed from the kitchen directly towards me and Trooper [REDACTED]. I saw Todashev's left shoulder drop as he rounded the corner from the kitchen to the living room. ... I shot Todashev three to four times. **Todashev fell backwards, but did not go to the ground.** ... suddenly lunged again towards us. I then shot him 3 or 4 more times in order to stop his continuing deadly threat.*

Needs and Questions:

-FBI 360 crime scene photos??

-Area canvass of neighborhood?

-More detail from witness officer.

Suspect path of travel.

When and how could he have been shot in the back twice.

Question for the purpose of describing the meaning of his comets regarding the suspect raising the pole above his head with both hands.

-More detail from the shooter. IF POSSIBLE, Head injury sustained at the time of incident.

When and how could the suspect have been shot in the back?
